

UniKL
UNIVERSITI
KUALA LUMPUR

POLICY

OCCUPATIONAL SAFETY & HEALTH POLICY

In Universiti Kuala Lumpur (UniKL), we uphold the trust to provide a healthy, safe, secured and conducive learning and working environment for our students, employees and communities in UniKL.

We strive to ensure that our operation is conducted in accordance with our corporate policy and in line with current statutory laws, regulations and requirements.

To fulfill the responsibility, the Management and staff of UniKL will :-

- Ensure compliance with all laws and regulation concerning safety, health environment
- Provide a safe environment to all students, employees and members of the public dealing with UniKL
- Nurture a work culture that emphasis safety, health and environment through education and continuous improvement
- Provide suitable personal protection equipment (PPE) to all students and employees
- Demonstrate proactive actions in reducing hazards and risks at workplace
- Conduct internal safety audits and inspections regularly based on health and safety elements to meet occupational health, safety and environment standards
- Review and improve the Safety Health and Environment Policy from time to time.
